FOR IMMEDIATE RELEASE

Daniel Wojnowski Joins Thornton Tomasetti's Forensics Practice as Senior Vice President in the Chicago Office

(Chicago, Ill. – May 17, 2017) – Thornton Tomasetti, the international engineering firm, announces that Daniel Wojnowski, Ph.D., P.E., has joined the firm as a senior vice president in the Chicago office. A forensics professional with nearly 35 years of experience, Wojnowski will provide additional senior-level support to Thornton Tomasetti's Forensics practice and help grow its market share in the Midwest.

Key Points

- Wojnowski specializes in commercial construction structural failures, construction accidents, site safety/OSHA incident evaluations, agricultural structural failures and building code evaluations. He comes to Thornton Tomasetti after 29 years at Engineering Systems Inc. in Aurora, Illinois, where he was most recently a principal.
- With a background in civil, structural and metallurgical engineering, Wojnowski brings a comprehensive skillset to the firm. He is experienced in investigations involving a range of structures, such as commercial and residential buildings, bridges, industrial plants, mobile and stationary cranes and stationary and fixed scaffolding. He works with property owners and managers, insurance adjusters and attorneys.
- In addition to his technical expertise, Wojnowski is a seasoned leader who has held a variety of management roles during his career, including principal engineer, practice group leader and director, corporate treasurer, director of corporate operations and manager of civil and construction materials engineering.
- A licensed professional engineer in 11 states, Wojnowski is also a Certified Residential Building Inspector and has completed a variety of OSHA safety certification courses.
- He holds a Ph.D. in metallurgical engineering from the University of Illinois at Chicago, and a master's degree in metallurgical engineering from the University of Illinois at Urbana-Champaign, from which he also received a bachelor's degree in civil engineering.

Executive Quote

Daniel Wojnowski, Ph.D., P.E., senior vice president, Thornton Tomasetti, Chicago

"I was drawn to Thornton Tomasetti in part because of the reputation and global reach of its Forensics practice, as well as its structural analysis and visualization/graphic expertise and the synergy between the firm's client base and mine. I will blend well with the Forensic Practice given my three decades of experience in the field, and will bring additional expertise in failure analysis of agricultural structures including concrete and steel silos. My metallurgical background will help provide additional depth in the area of material science. I look forward to working with the many fine engineers, architects, and scientists within the firm."
