FOODIE FAVORITE MEXICUE JOINS HARBOR POINT'S EXCITING RESTAURANT SCENE

Stamford, CT – February 20, 2018 – Harbor Point, the transformative mixed-use waterfront community in the South End of Stamford developed by Building Land Technology (BLT) announced that Mexicue will open on the Harbor Point waterfront later this month. With a menu inspired by the Mexican tradition with a twist of the American South, Mexicue adds diversity and depth to the existing roster of restaurants in the vibrant waterfront community.

This is the eatery's first venture out of New York City, where they launched as a food truck and now successfully manage three very popular locations. Mexicue joins the dozen award-winning bars and restaurants at Harbor Point; including Fortina, Prime, Crabshell, Boothbay Lobster, Bareburger, Sign of the Whale, Le Pain Quotidien, Dinosaur BBQ, and Harlan Social.

Mexicue Harbor Point will be officially opening to the public on Thursday, February 22nd and will offer lunch and dinner seven days a week. The restaurant will include two floors, each with its own outdoor space, including a spacious roof deck and private event space.

"We are very excited to be opening our first location outside of New York City in the Harbor Point Stamford community," said Thomas Kelly, Co-Founder and President of Mexicue. "We're thrilled to join the incredible roster of restaurants in Harbor Point, adding to what already is a great spot for food and drinks. We are already completely booked for our two 'friends and family' events and expect a very busy official opening."

Harbor Point continues to grow as a dynamic waterfront destination. In addition to its diverse and extensive dining roster, which can be accessed here: <http://www.harborpt.com/stamford->

[restaurants/](#), the Harbor Point community has a permanent and robust schedule of events year round, updated continually at <http://www.harborpt.com/happening/>.

“The restaurant scene has become one of the most important amenities at Harbor Point,” said Ted Ferrarone, COO of Harbor Point Development. “We are very glad to welcome Mexico into our successful and diverse restaurant roster, and we are sure residents and visitors alike will greatly appreciate their Mexican-American cuisine and drinks.”

BLT continues to support a variety of transportation to, from, and within Harbor Point, promoting an interactive environment. Harbor Point is a short walk or trolley ride from the Stamford Train Station and easily accessible by car, or even by boat. Every event and retail option at Harbor Point is surrounded by complimentary parking and is immediately accessible to Stamford Harbor.
