

Kristina Rogers Joins Thornton Tomasetti as Senior Associate in Portland, Maine

(November 10, 2022) – Kristina Rogers has been brought on board as a Senior Associate in [Thornton Tomasetti's](#) Portland, Maine office to help expand the firm's mass timber capabilities. Kristina has more than 10 years of professional experience, with an extensive background in mass timber design and analysis and embodied carbon reduction strategies. Working with the firm's structural engineering and sustainability practices, she will provide technical support for mass timber projects from the concept phase through construction.

Kristina comes to the firm from Fast + Epp, where she led the sustainability and digital design technical groups. She has a bachelor's degree in civil engineering from the University of Vermont Honors College in Burlington and is a licensed professional engineer in New York.
