

Alan Matuszak Joins Thornton Tomasetti's Structural Engineering Practice in Houston as Vice President

June 22, 2023 – Industry veteran Alan Matuszak is now a member of the Structural Engineering practice in Thornton Tomasetti's Houston office.

The new vice president, who has more than two decades of experience in structural analysis and design, is currently assisting clients with projects across Texas and in the southern U.S. He has a diverse project background that includes office and residential towers, educational facilities, houses of worship, retail and mixed-use complexes and aviation facilities. Prior to joining Thornton Tomasetti, he was a principal with Matrix Structural Engineers.

Matuszak holds a bachelor's degree in civil engineering from Michigan State University and master's degrees in space operations and business administration from the Air Force Institute of Technology and University of Texas at Austin, respectively. He is a licensed professional engineer and a licensed structural engineer in several states and a member of the American Institute of Steel Construction and Structural Engineers Association of Texas.
